# We'll help to solve the following problems

Variety of separate instruments to serve customers and clients

Absent or insufficient information about customers

No contact with customers outside of stores

Lack of efficient mechanisms to engage and reward customers

Simple discounts undermine profits

Difficulty to differentiate from the competition

Difficulties in cooperation with partners for cross-marketing

# Benefits for you and your business

Sales of goods and services via e-shop

Processing of sales and payments using the POS software by inCust

Customer self-service using the Kiosk information panel

Simple procedure of collection of questionnaire data and creation of customer database

Growth of customer loyalty using the multifunctional and flexible loyalty programs

Customer retainment with help of prepaid goods and services, and subscriptions

Personal communication with customers using omnichannel communication mechanisms

Issuance and use of coupons and digital certificates for marketing in your business as well as cross-marketing

# What makes inCust the universal solution for your business

Flexibility in launch and use - using Terminal app, Kiosk or mobile app for self-service, via integration with other software.

Customer authorization using a phone number, by email, plastic card number (when needed), by scanning QR codes etc.

Provision of goods and services with instant payment, on prepaid basis or with post-payment

Powerful and flexible loyalty programs

Open API with possibility of integration with third-party software

Unique functions of mutual settlements within a business or between different businesses without money
