LOYALTY PROGRAMS
active: 2 business 2

Loyalty program is a set of rules for servicing your customers, as well as the name of your business or brand which customers see. If you have a single business, shop or network, it is very likely you will need only one loyalty program. If you have a few businesses, brands or networks, you can create many loyalty programs with different names, but with common bonus points, coupons and gift certificates.

Each loyalty program is for customers of the corresponding business only.
